Audit Checklist

Section 2-3.27 of the School Code requires the Illinois State Board of Education to formulate and approve procedures and regulations for school district budgeting and accounting. In keeping with this requirement, the following checklist has been developed for use in reviewing the Illinois School District//Joint Agreement Annual Financial Report (Form 50-35) before forwarding it to the Illinois State Board of Education. The checklist is designed so that later clarifications, explanations or amendments requested by the Illinois State Board of Education will be minimized or eliminated.

All entries must balance within the individual fund statements and schedules as instructed below.
Any error messages left unresolved below, will be returned to the school district/joint agreement.
Round all entries to the nearest dollar.
. The auditor's Opinion and Notes to the Financial Statements are attached or filed electronically.
. Student Activity Funds, Convenience Accounts, and other agency funds are included, if applicable.
. All audit questions on page 2 are answered with the appropriate response (Yes, No or N/A). Comments and explanations are included for
all no answers.
. All miscellaneous accounts and functions have the required and descriptive itemizations.
i. In all funds, Function No. 2900 does not include Worker's Compensation or Unemployment Insurance.
. Tuition paid to another school district or to a joint agreement (in state) is coded to Function No. 4100.

Balancing Schedule

Check this Section for Error Messages

The following assures that various entries are in balance. Any out of balance condition is followed by an error message in RED and must be resolved before submitting to ISBE. One or more errors detected may cause this AFR to be returned for corrections and resubmission. If impossible for entries to balance, please explain on the itemization page.

Business Manager/Bookkeeper Costs are charged to the proper Function (No. 2510/2520).
 Interest is allocated to all funds participating in each investment (Audit Question 3i).

¹¹ A suggested format for assigning reference numbers is to use the last two digits of the fiscal year being audited followed by a numeric sequence of findings. For example, findings identified and reported in the audit of fiscal year 2003 would be assigned a reference number of 02-01, 02-02, etc.

Provide sufficient information for judging the prevalence and consequences of the finding, such as relation to universe of costs and/or number of items examined and quantification of audit findings in dollars.

See paragraphs 5.18 through 5.20 and 7.38 through 7.42 of Government Auditing Standards for additional guidance on reporting management's response.
